WHEREAS, it will be necessary for the City to permit Community Development Block Grant Funds to be used to establish the required reserve and to purchase home improvement loans in conjunction with the issuance of bonds; and

The Mayor and the City Controller and the City Clerk are hereby authorized and directed to prepare, verify and file the necessary "Debt Statement" required by Section 410 of the Local Government Unit Debt Act, together with an "Application for Approval" of said indebtedness and the necessary filing fee of \$15.00, to the Department of Community Affairs, pursuant to and in conformity with the Local Government Unit Debt Act, as promptly as practicable, and to do and perform all other acts proper and necessary in connection therewith. SECTION 14. WHEREAS, Americans of various races, religions, and political persuasions share a profound belief that mankind, through natural instincts, seeks freedom of thought and deed, and that in this blessed land of America, we believe in freedom as essential in asserting the supremacy of Human Rights; and

WHEREAS, Jewish human rights activists Anotoly Shcharansky and Alexander Ginzburg were tired and convicted in the Soviet Union on charges of treason and espionage, such charges causing shock and dismay among the free peoples of the world; and

WHEREAS, President Carter, indignant concerning the obvious renunciation of the men's civil and human rights, personally has denied that Mr. Shcharansky even worked for the Central Intelligence Agency, one of the allegations against him; and

WHEREAS, American officials have warned the Soviets repeatedly that the nature of the trials of both Mr. Shcharansky and Mr. Ginzburg and any harsh sentences against them could seriously damage American-Soviet relations;

NOW, THEREFORE

BE IT RESOLVED that the Council of the City of Pittsburgh on behalf of the freedom loving citizens of the City of Pittsburgh does hereby join with the Pittsburgh Conference on Soviet Jewry in condemning this display of anti-Semitism on behalf of the Soviet Union;

WHEREAS, the City has received proposals for the purchase of the Notes; and

WHEREAS, the City desires to repay the Notes out of the proceeds of said grants, or, in the event that said grants are not received, out of the proceeds of bonds to be issued by the City;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF PITTSBURGH AS FOLLOWS:

SECTION 1. The nonelectoral indebtedness of the City of Pittsburgh be and hereby

is increased by the amount of \$2,403,000 for the purposes of paying a portion of the cost of acquiring and constructing the Projects. The Projects are more fully described in the City's 1977 and 1978 Capital Improvements Programs, which descriptions are incorporated herein by reference as if set out at length.

SECTION 2. The useful lives of the individual Projects constituting the Projects are all in excess of twenty-five (25) years except for the Project designated as PW78-16, Golden Triangle; Improvements, the useful life of which is fifteen (15) years. The City Council has received estimates of the cost of the Projects from the Directors of its Public Works Department and Parks and Recreation Department who are qualified by experience to make such estimates.

SECTION 3. Said debt shall be evidenced by an issue of general obligation bonds to be in an amount not less than \$2,403,000 designated "City of Pittsburgh General Obligation Bonds in 1981" with an appropriate series designation, bearing interest at a rate to be determined upon the sale thereof, but not in excess of 8% per annum ("1981 Bonds"). The 1981 Bonds shall mature in installments in such amounts as will produce an approximately level annual debt service over a period of twenty (20) years from the date of issuance. The first principle payment shall be approximately one year from the date of issuance of the 1981 Bonds. The details of the 1981 Bonds will be fixed at the time of their issuance.

SECTION 4. Pending the issuance of the 1981 Bonds, the City desires to issue the Notes.

SECTION 5. The proposal ("Accepted Proposal") described under the caption "Accepted Proposal" on Schedule 1 attached hereto and made part hereof is hereby determined to produce the lowest net interest cost to the City and the terms thereof are hereby determined to be satisfactory to the City Council. The Accepted Proposal is hereby accepted and the remaining proposals, described under the caption "Rejected Proposals" on said Schedule 1 are hereby rejected.

SECTION 6. The Notes shall be dated the date of their issuance which shall be on or about October 9, 1978, shall bear interest from the date of their issuance, payable annually on the anniversary date of their issuance, shall mature three years from the date of their issuance and shall be subject to prepayment without premium or penalty at the option of the City as a whole at any time or in part, from time to time.

SECTION 7. The City intends to repay the Notes from the grants referred to in the recitals and from the proceeds derived from the issuance of the 1981 Bonds. The City covenants and agrees that, on or before the maturity date of the Notes, it will issue the 1981 Bonds in the amount necessary to pay the principal and accrued interest on the Notes outstanding and unpaid on their maturity dates. The 1981 Bonds shall be offered for sale within the time stated above either public or privately, but if no proposals to purchase the 1981 Bonds shall be received, the 1981 Bonds shall be issued to the holders of the Notes issued hereunder in full payment of the Notes, or the holder, at its option, may extend the maturity of the Notes for one or more specified additional periods of not less than six months each during which time additional offers for the 1981 Bonds may be solicited, all in accordance with Section 408 of the Act. The City covenants with the holders of the Notes and the 1981 Bonds, in compliance with Section 404 of the Act, that it will include the amount of the interest on the Notes and the debt service on the 1981 Bonds in its budget for each year in which such amounts are payable; that it will appropriate such amounts from its revenues for the payment of such debt service and that it will duly and punctually pay or cause to be paid from its sinking fund or any other of its revenues, the interest on the Notes and the principal of and interest on the 1981 Bonds at the dates and places and in the manner stated in the Notes, in the 1981 Bonds and in the coupons, if any, thereto appertaining according to the true intent and meaning thereof. For such budgeting, appropriation and payment, the City hereby pledges its full faith, credit and taxing power. This covenant shall be specifically enforceable.

SECTION 8. The Treasurer of the City shall deposit into the sinking fund of the City all moneys received from the grants described in the recitals hereto and sufficient amounts for the payment of the principal of and interest on the Notes no later than the date upon which such payments shall become due. The sinking fund depositary shall, without further action by the City, withdraw available moneys in the sinking fund and apply said moneys to the payment of the principal of and interest on the Notes.

SECTION 9. Mellon Bank, N.A., is hereby appointed as Sinking Fund Depositary for the Notes.

SECTION 10. The Council hereby directs that the necessary documentation be filed with the Department of Community Affairs of the Commonwealth of Pennsylvania so that the nonelectoral debt incurred hereunder may be approved as nonelectoral debt of the City. It is therefore hereby declared that the nonelectoral debt of the City to be incurred hereunder shall be \$2,403,000 which, together with all presently existing net debt of the City, will not be in excess of the limitations as set forth in the Act. The Mayor, City Controller and City Clerk are hereby authorized and directed to prepare, verify and file the Debt Statement required by Section 410 of the Act, together with an application for approval of said indebtedness with the Department of Community Affairs as promptly as practicable and to do and perform all other acts necessary and proper in connection therewith. Promptly upon receipt of the approvals from the Department of Community Affairs, the Notes shall be delivered to be purchasers thereof.

SECTION 11. The Notes hereby are awarded to the purchasers described under the caption "Accepted Proposal" on Schedule 1.

SECTION 12. The Mayor, Treasurer and Controller of the City are hereby authorized, empowered and directed to execute and deliver the Notes to the successful purchaser against receipt of the proceeds thereof and to take all other action and execute all other documents as may be necessary or

desirable to effect the issue and sale of the Notes in conformity with this Resolution and the Act.

SECTION 13. All moneys derived from the sale of the Notes are hereby appropriated to the purposes herein stated, provided, however, that as permitted by Section 403(4) of the Act, said purpose may be changed by resolution at any time.

SECTION 14. The City hereby covenants with the holders from time to time of the Notes that no part of the proceeds of the Notes will be used at any time, directly or indirectly, in a manner which, if such use had reasonably been expected on the date of issuance of the Notes, would have caused the Notes to be arbitrage bonds within the meaning of Section 103(c) of the Internal Revenue Code of 1954, as amended, and the regulations proposed or promulgated thereunder at the time of such use and applicable to obligations issued on the date of issuance of the Notes.

SECTION 15. The form of the Notes to be issued hereunder shall be substantially as follows:

COMMISSION ON HUMAN RELATIONS

The Commission exists to administer the City's Human Relations Ordinance. Primarily, this involves processing complaints of discrimination on the basis of race, color, religion, ancestry, national origin or place of birth and sex, in employment, housing or public accommodations. Such complaints are designated as "formal" and may be filed by any individual or organization claiming to be aggrieved by an alleged unlawful discriminatory act. The Commission is also empowered to initiate complaints in its own name.

Formal complaints are investigated by the staff and reported to the Commission for decisions. Where discrimination is found to exist, attempts are made to seek a satisfactory adjustment by voluntary conciliation. When conciliation fails, the Commission may hold public hearings, issue orders and otherwise seek legal enforcement of its decision.

In addition to formal complaints, the Commission is mandated to study and investigate conditions having adverse effect on intergroup relations in the City of Pittsburgh. Accordingly, the Commission maintains projects in community relations to attempt amelioration of disputes or problems involving prejudice, intolerance or intergroup tension.

The Commission, through its Contract Compliance Specialist, monitors bidders for construction contracts with the City to determine whether or not they comply with equal opportunity and affirmative action provisions required by law. The Contract Compliance Specialist, at the request of the Mayor, also coordinates activities to assure minority businesses a fair opportunity to do business with the City.

In the course of its activities, the Commission is approached often by persons who have problems related to our jurisdiction but not formally within it. Some such matters are processed fully by the staff while others are ultimately referred to another more appropriate agency.

Commission members and staff participate in speaking engagements and similar public information and technical assistance activities to effectuate the goals of the Human Relations Ordinance.

DEPARTMENT OF LAW

The Department of Law acts as attorney for the City and its officials. It is headed by the City Solicitor who supervises a staff of attorneys, investigators, stenographers and clerks. Its activities involve all branches of City government. The Department renders legal opinions and advice to the Mayor, City Council and the various City departments.

The Law Department represents the City in court actions involving damage claims against the City and in other kinds of actions, including the defense of ordinances against allegation of unconstitutionality; civil rights actions, suits for collection of taxes, enforcement of such ordinances as the Zoning, Building and Traffic Codes; damage claims by the City against persons who have damaged City property or equipment; eminent domain cases dealing with the taking of property for public purposes; and intervention in tax assessment matters to help insure fair valuation of taxable real estate. The Department participates in Workmen's Compensation and Civil Service cases, as well as police and fire trial boards.

The Law Department represents the interests of citizens in proceedings before such regulatory agencies as the Public Utility Commission and the Milk Marketing Board. It seeks to protect the City and its citizens against excessive gas and electric utility rates, milk prices and the like. The Department has opposed efforts by railroads to reduce essential service to the City.

Through its Claims Division, the Department processes claims and recommends payment or settlement in proper cases. The Law Department is responsible for the filing and revival of liens and for the drafting or approval of proposed ordinances, resolutions, deeds, leases, contracts, legal pleadings and briefs.

DEPARTMENT OF CITY PLANNING

The Department of City Planning functions under a nine-member City Planning Commission which is appointed by the Mayor. Planning Commissioners serve without pay for six-year staggered terms. The main function of the Department of City Planning is to recommend to the Mayor and Council on the allocation of resources to promote the orderly development and redevelopment of the City. The resources with which the department deals primarily are private land, which is controlled through zoning and subdivision regulations, and public funds for physical construction, which are controlled through the Capital Program.

The Commission is required by law to prepare and adopt a Master Plan. This requirement is met through the bi-annual publication of a Six-Year Development Program, which combines in a single document the long-range plans for the City, the current policies and programs for implementing those plans, and a recommended Six-Year Capital Program of specific projects. In addition to the Six-Year Development Program, the department also assists the Mayor in the preparation of an annual Capital Budget and the Community Development Program.

To fulfill its comprehensive planning responsibilities, the department undertakes planning studies in various functional areas, including housing, environment, transportation, recreation and economic development. This work includes liaison with other City and governmental agencies and the monitoring of consultant studies. In conjunction with the development of the Six-Year Capital Program and the annual Community Development Block Grant (CDBG) Program, the department also has been responsible for the development of specific programs.

The department has local legislative responsibilities for administering the zoning ordinance and the subdivision regulations. Development proposals requiring zone changes are reviewed by the planning staff and recommendations are made to the Planning Commission for its consideration. The Zoning Administrator has certain direct responsibilities for the administration of the zoning ordinance. The design and development staff are involved in the review process, reviewing both public and private development proposals for their design quality and to determine their benefit to the City. The staff is also responsible for the development of proposals for City sponsorship.

The department provides an ongoing mechanism for community participation through its community planning program. A professional planner is assigned on a full-time basis, to each of a number of the large residential districts within the City. This planner serves as prime liaison between the local community and the City Planning Department, as technical assistant to local neighborhood groups, and as development coordinator and expeditor of public activities within the community. This mechanism has permitted community groups and individuals to have a voice in the most important recommendations made by the City Planning Commission, including those on the Capital Budget and on the Community Development Block Grant Program.

DEPARTMENT OF SUPPLIES

The Department of Supplies is responsible for procuring all goods and services required by the various City departments. The department is also responsible for the administration of the Bureau of Automotive Equipment, Bureau of Tests, Print Shop, Photography Lab, and Radio Repair Shop.

The General Office advertises for prospective supplies, tabulates the bids received, and awards the contract to the lowest responsible bidder. The Department seeks to acquire the needed goods and services at the lowest cost compatible with high standards of quality by promoting vigorous competition through newspaper advertising and maintenance of lists of vendors who are notified of impending City purchases and rentals.

The Bureau of Automotive Equipment provides fleet administration and fleet maintenance for the City's vehicle fleet of over 1000 vehicles. Additionally, the Bureau is responsible for fueling all City-owned vehicles. In 1978, over 1.8 million gallons of fuel were dispensed at the two City-operated fueling facilities.

The Photography and Print Shops perform the various duplicating, lithographing, and photography services required by the City.

The Bureau of Tests is responsible for assuring that all prospective purchases meet or exceed the City's specifications. The Bureau of Tests is also responsible for the street lighting system of over 42,000 lamps, and the City's internal telephone system.

The Radio Repair Shop provides 24 hour maintenance of all the City's police, fire and emergency medical radio communication equipment.

The continuing goal of the Department of Supplies is the maintenance of City services at desired levels at the lowest cost possible.

DEPARTMENT OF ENVIRONMENTAL SERVICES

The Environmental Services Department is responsible for helping City residents maintain a clean, healthful and fuel efficient environment. To this end it provides three basic services: the collection and disposition of all residential solid waste, Animal Control and Environmental Control.

The Refuse Division collects solid waste on a weekly basis from the premises of all residences in the City.

The Animal Control Division is responsible for the enforcement of the ordinances governing the conditions imposed upon the animal population and their owners.

The Environmental Control Division includes the annual "PA-Pitt" neighborhood clean-up campaign and also the rodent baiting and citizen information portions of the Rodent Control Program.

These programs constitute the major activities of the Department of Environmental Services. Environmental Services strives to offer the City of Pittsburgh a clean and pleasing environment in which to work and play. With the cooperation of the citizens of Pittsburgh, Environmental Services hopes to improve its present services and seek new ways to aid the City and its people.

DEPARTMENT OF HOUSING

The Department of Housing is the City department responsible for all housing and housing related matters including federal and local housing development programs, code enforcement, and housing assistance and rehabilitation programs.

The department aims to stimulate new housing construction by working with and assisting private developers to build conventionally financed housing in the City. The department is also responsible for policy development of City programs aimed at housing rehabilitation. The department works toward abandonment prevention through the urban homesteading program and an active demolition program.

The department has four divisions.

The Division of Housing Assistance is responsible for developing and implementing programs aimed at improving housing for homeowners, tenants, and small scale housing investors. Beginning in 1979, this Division will conduct the Weatherizing Homes in Pittsburgh (WHIP) Program, which provides free insulation and storm windows to low income people.

The Division of Housing Development and Investment is responsible for working with the housing development industry to encourage and facilitate housing construction and rehabilitation in the City.

The Bureau of Building Inspection is responsible for administration and enforcement of all City housing and building codes.

The Neighborhoods for Living Center aims at the promotion of Pittsburgh neighborhoods as good places to live, in an effort to retain existing residents and attract new residents to the City's neighborhoods.

DEPARTMENT OF EMERGENCY MEDICAL SERVICES

This department provides the citizens of Pittsburgh an Emergency Medical Services (EMS) System capable of administering the ultimate in paramedical care, rescue, and transportation to those citizens critically ill or injured. To achieve this purpose, the department provides an EMS system comprised of two basic branches: Operations and Administrative.

Operations provides the actual administration of paramedical care, rescue, and transportation services for the sick and injured residents. These paramedical services are performed by utilizing 131 paramedics and 17 administrative personnel, all who are highly trained with the most advanced techniques in pre-hospital emergency paramedical care and rescue. This high level training gives the department's personnel the capability of administering life sustaining treatment to the victim of an accident or sudden illness. Furthermore, the rescue training gives the personnel the capability of safely rescuing victims from almost all forms of entrapment. Finally, transportation is provided in 12 modular ambulances known as mobile intensive care units while rescue service is provided by two rescue units fully equipped to utilize the most current rescue practices.

The combination of highly trained paramedics staffing vehicles which have been nationally recognized for their design specifications and medical care capabilities has made this relatively young department one of the finest in the country.

The Administrative Branch provides disaster planning and response, paramedical training, system evaluation and public education. Disaster planning and response is responsible for designing an organized plan for emergency operation of the department to meet the increased demands of a disaster situation. Paramedical training is responsible for maintaining the high level medical skills of presently employed personnel through continuing education classes in addition to training new personnel that are hired. System evaluation is responsible for evaluating patient care and general performance by paramedics including the operations branch as a whole. Public education is responsible for a function that completes and complements the total service system: providing education to Pittsburgh residents on what to do before the paramedics arrive. This education includes Cardiopulmonary Resuscitation (CPR) and basic first aid. Through the joint efforts by the department's paramedical personnel responding to a Pittsburgh resident in need of services and family or neighboring residents providing CPR and basic first aid until the paramedics arrive, Pittsburgh's EMS system will be ideally operating to achieve its purpose: The reduction of mortality and morbidity due to accident and sudden illness for the citizens and visitors of Pittsburgh.

DEPARTMENT OF FIRE

It is the responsibility of the Fire Department to provide fire protection and fire prevention services to the citizens of Pittsburgh. For this purpose 41 fire stations, strategically located and housing 69 firefighting units, are available.

The firefighting units are equipped with modern equipment in order to provide an effective and efficient firefighting force. In addition to their basic function of fire suppression, the firefighting units have a fire prevention commitment as mandated by the National Fire Prevention and Control Commission. To this end a block inspection program was initiated whereby fire companies inspect local residential and commercial buildings for fire hazards. Firefighters also clean and maintain their equipment; assist in arson investigations; carry out rescue operations; and conduct evacuation drills in schools, hospitals, and other institutions in cooperation with the Fire Prevention Division.

The Fire Prevention Division inspects special highly hazardous situations in large commercial, industrial, and institutional structures for fire hazards; reviews building plans for compliance with the fire prevention code; and investigates complaints from the public relating to fire hazards.

The Fire Chief's office is the administrative center of the Department and also oversees the Fire Academy where new firefighters are trained in the basic fundamentals of firefighting and companies are trained in the team concept of firefighting.

DEPARTMENT OF PUBLIC WORKS

The Department of Public Works is responsible for two major areas of work which help make the City of Pittsburgh a better place to live, work and play. The Bureau of Engineering is responsible for the design and engineering, either in-house or by contract with outside consultants, of the Public Works projects of the City Capital Improvements Program. It is also responsible for administering the actual construction contracts and providing the field engineers and inspectors who serve to supervise construction for the City. The Bureau of Operations is broken down into divisions which are responsible for maintaining the City's streets, roads, sewers, communications, signs, and all the other items which are necessary to the functioning of a great City.

The Construction Division contains special work crews that are capable of undertaking all kinds of special and regular maintenance projects that would be more expensive to do with outside contractors. Many small projects can be built quickly by this division where regular maintenance is not sufficient.

The Street and Sewer Maintenance Division is responsible for maintaining the City's streets, sewers, catch basins and other items. Besides, the six (6) maintenance sections, it also supervises the Heavy Equipment section, Street Repair program and part of the Rodent Control program.

Traffic Control and Communications Division maintains the City's traffic control system and operates the maintains the Fire Alarm system.

Finally, the Painting Division paints all of the lines on City streets and produces all of the traffic control signs. It is also responsible for the painting of the City's bridges and a variety of equipment which the City uses and maintains.

DEPARTMENT OF PARKS AND RECREATION

The City of Pittsburgh Department of Parks and Recreation has made giant strides in broadening the traditional definition of the word "recreation". Key services are performed to meet the leisure time needs of Pittsburghers of all ages. All services are offered with the same goal: to better the life of every resident and to enhance Pittsburgh's environment.

To accomplish this goal, balanced and staffed recreation programs are provided throughout the year either in neighborhood recreation centers, senior citizen centers, schools or playgrounds. Also, the Pittsburgh Parks system boasts special facilities such as Phipps Conservatory, the Aviary, the Pittsburgh Zoo, the Allegheny Community Theatre, three Nature Centers, and two Ice Skating and Miniature Golf complexes.

The department performs a number of critical on-going functions that many people take for granted. Daily maintenance of over 2600 acres of parkland including picnic shelters, ballfields, tennis courts, and swimming pools as well as planting park and street trees enable thousands of Pittsburghers to pursue the leisure time pleasures of their choice.

To further broaden this scope of diversion and diversity, the City of Pittsburgh sponsors special City-wide activities in art, theatre, music, environmental education, and physical recreation. Residents of all ages are provided with a constantly expanding variety from which to choose. In addition, the department has established open channels of communication in order to remain in touch with the ever-growing needs of the community. New programs have been implemented and existing programs improved in response to the demands of Pittsburgh residents.

DEPARTMENT OF CITY DEVELOPMENT

The Department of City Development was established in 1977 to create jobs for City residents and to expand the City's tax base.

The Department is funded through a U.S. Department of Commerce grant to the City. In turn the City has a contract with the Regional Industrial Development Corporation to assist in setting up the Department and establishing an economic development program.

The Department serves as a liaison between business and City Government assisting businesses to locate, relocate, and expand within the City, to obtain long-term, low-interest loans and to get help with other problems. The Department of City Development also provides incentives for businesses to locate in particular areas of the City.

Policy direction for the department is provided by a five member City Development Commission, which is appointed by the Mayor with City Council approval.

The eleven member Overall Economic Development Plan Committee oversees and approves the City's plan for spending all U.S. Department of Commerce's Economic Development Agency grants. This committee is appointed by the Mayor and includes representatives from various sectors of the community.

RESOLUTION—Fixing the number of officers and employees of the City of Pittsburgh and the rate of compensation thereof, and setting minimum levels for designated positions.

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF PITTSBURGH AS FOLLOWS:

SECTION 1. That from and after the first day of January, 1979, the number of officers and employees of all departments of the City of Pittsburgh, and the rate of compensation thereof, shall be and the same are hereby fixed and established as herein set forth.

SECTION 2. To ensure the capacity of the city to provide an effective level of municipal services which will meet the economic, physical and social needs of its citizens, residents, visitors and neighborhoods during the fiscal year for which this Resolution shall be in force, those positions designated by Section 3 of this Resolution shall remain filled for the entire fiscal year, subject to any reasonable time periods required to replace

existing officers or employees who leave city employment for any reason during that fiscal year. There shall be no reduction in the number of filled positions so designated unless authorized by a resolution amending this budget resolution, in accordance with Section 507 of the Home Rule Charter of Pittsburgh. In adopting this Resolution it is the intention of Council to provide funding for the annual budget at a level which will enable all departments and units of City government so designated to be staffed, equipped and maintained at the levels mandated herein. If, during the fiscal year, the executive branch determines that the number of employees so mandated in any program can be reduced without substantially effecting the level of services to be provided, the Mayor may request an amendment to this Resolution to accomplish that reduction, and shall include with any request of that nature the reasons for the reduction and evidence as to the impact of that reduction upon the level of services provided.

SECTION 3. The minimum levels are established for the following positions:

THE COUNCIL OF THE CITY OF PITTSBURGH HEREBY ENACTS AS FOLLOWS:

SECTION 1. Declaration

In order to facilitate movement of traffic and to combat the hazards of excessive snow or ice on streets or portions of streets named in accordance with Section 2 of this Ordinance, the Mayor may declare a Snow Emergency due to such hazards. The Mayor shall cause each declaration made by him pursuant to this Ordinance to be publicly announced by means of broadcasts or telecasts from all stations with a normal operating range covering the City and he may cause such declaration to be announced in newspapers of general circulation when feasible. Each

announcement shall describe the action taken by the Mayor, including the time it became or will become effective.

SECTION 2. Streets Subject to Ordinance

The Department of Public Works shall have the power to designate and mark streets as Snow Emergency Routes where entry, use and parking are restricted after a Snow Emergency has been declared. A list of the designated streets shall be made public by advertising once in a newspaper of general circulation in the City of Pittsburgh not later than November 1 of each year. If a new list is not published, the previous year's list shall be considered in effect.

SECTION 3. Marking of Streets

In order to assist the motorist in determining the streets affected by this Ordinance, the Director of the Department of Public Works is hereby authorized to post special signs at intervals not less than 500 feet apart on the streets designated with the wording: "Snow Emergency Route, No Parking During Emergency, Tow-Away Zone." These signs shall be distinctive and uniform in appearance and shall be plainly readable to persons traveling on the street or highway.

SECTION 4. Parking During Emergencies.

After a Snow Emergency has been declared, it shall be unlawful during the period of the Emergency for any motorist to be parked on those streets which have been designated and marked as Snow Emergency Routes and named in accordance with Section 2 of this Ordinance, except any such streets that have been excluded from the declaration of emergency. It shall be unlawful after an Emergency has been declared for any motor vehicle to travel on a Snow Emergency Route except any such street which has been excluded from the declaration of emergency, unless

that vehicle is equipped with adequate facilities to provide sufficient traction and power to keep the vehicle in motion so that other traffic traveling on the streets will not be blocked or impeded. If drive wheels do not have sufficient traction, if motor fuel supply is exhausted, or if the battery becomes inoperative, the vehicle shall be deemed not to be adequately equipped. Whenever a vehicle becomes stalled on a Snow Emergency Route after an Emergency has been declared, the operator shall take immediate action to have the vehicle towed or pushed off the roadway of the Emergency Route. No operator shall abandon or leave his vehicle in the roadway except for the purpose of securing assistance without delay.

SECTION 6. Parking on Secondary Streets.

Any street not designated and marked as a Snow Emergency Route shall be called a secondary street for the purposes of this Ordinance. Whenever the Mayor shall find that weather conditions necessitate a parking prohibition, the use of temporary signs shall be put into effect on such parts of such secondary streets named in a declaration issued according to the terms of Section 1 of this Ordinance. The prohibition shall remain in effect until terminated by announcement of the Mayor in accordance with Section 7 of this Ordinance.

SECTION 7. Termination of Snow Emergency.

Whenever the Mayor shall find that some or all of the conditions warranting a declaration of a Snow Emergency and resulting in travel and parking restrictions do no longer exist, the Mayor may terminate the emergency in whole or in part and end restrictions in whole or in part.

SECTION 8. Violations and Penalties.

After an emergency has been declared, any motor vehicle violating the provisions of this Ordinance may be removed by the City and shall subject the owner or operator to the fines and charges provided herein.

SECTION 3. DECLARATION AND PAYMENT OF TAX.

A. Net Profits:

- (1) Every taxpayer making any net profits and/or expecting to make any net profits shall, on or before April 15 of the current year, make and file with the Treasurer, on a form prescribed by the Treasurer, a declaration of his estimated net profits during the period beginning January 1 of the current year and ending December 31 of the current year, setting forth a good-faith estimate of the amount of net profits anticipated by him during the said period and subject to the tax, the amount of tax imposed by this ordinance on such estimated net profits, and such other information as the Treasurer may require.
 - a) "Good faith" estimate, for purposes of the declared estimate, shall be equal to at least 75% of the actual amount reported on the final return for the current tax year or the full amount of income reported and paid on the preceding year's tax return.
 - b) The taxpayer making the declaration shall, at time of filing thereof, pay to the Treasurer the estimated amount of tax shown as due thereon: the first installment at the time of filing the declaration and the other installments on or before June 15 of the current year, September 15 of the current year, and January 15 of the succeeding year, respectively.
- (2) Any taxpayer who first anticipates any net profits after April 15 of the current year, shall make and file the declaration hereinabove required on or before June 15, September 15, or December 31 of

the current year, whichever of these dates next follows the date on which the taxpayer first anticipates such net profit. The taxpayer making the declaration shall, at the time of filing thereof, pay to the Treasurer the estimated amount of tax as due thereon, on or before the quarterly payment dates which remain after the filing of the declaration

- (3) The Treasurer is hereby authorized to provide by regulation for the making and filing of the declarations of estimated net profits on a quarterly basis. He may also provide for the making and filing of the adjusted declarations and for the payment of the estimated tax in cases where a taxpayer anticipates additional net profits not previously declared or advises that he has overestimated his estimated net profits. When a taxpayer files and pays his declaration on estimated net profits on a quarterly basis, the failure of the taxpayer to adjust his declaration, in the event of unanticipated additional net profits not previously declared, will subject him to penalty and interest, pursuant to Section 7 hereof, on the amount of the underpayment of each or any of the installments where such underpayment exceeds 25% or to the sanctions imposed under Section 6 (b) (3) hereof.
 - a) The amount of underpayment subject to penalty and interest, pursuant to Section 7 hereof, is the difference between the amount actually paid and the amount of the installment which would have been required to be paid if the estimated tax had been equal to 75% of the tax shown on the final return for the taxable period. In other words, the sum total of each installment paid should amount to at least one quarter of at least 75% of the entire amount due for such taxable year.

(i) **EXCEPTION:** The addition of penalty and interest to the tax with respect to any underpayment of any installment, shall not be imposed if the total amount of all payments of the estimated tax made on or before the last date prescribed for the payment of such installment equals or exceeds the amount which the taxpayer paid in the preceding taxable year for the same type of business for the same length of time.

(4) On or before April 15 of the succeeding year, every taxpayer who has received net profits shall make and file with the Treasurer, on a form prescribed by the Treasurer, a final return showing all his net profits for the period beginning January 1 and ending December 31 of the current year, the total amount of tax due, the amount of estimated tax paid under the provisions of this section, the amount of underpayment on the estimated tax installments, together with penalty and interest thereon, and the balance due. Any taxpayer may, in lieu of payment of the fourth quarterly installment of his estimated tax, elect to make and file with the Treasurer on or before January 31 of the succeeding year the final return as hereinabove required. At the time of filing the final return, the taxpayer shall pay the balance of the tax due, or shall ask for refund or credit in the case of overpayment.

(5) Every taxpayer who discontinues business prior to December 31, of the current year, shall, within thirty (30) days after the discontinuance of business, file his final return as hereinabove required and pay the tax due.

B. Earned Income: Salaries, Wages, Commissions and Other Compensation:

Every taxpayer who is employed on a salary, wage, commission or other compensation basis, and who receives any earnings not subject to the provisions of Section 4 of this ordinance relating to the collection at source, shall on or before April 30 of the current year, July 31 of the current year, October 31 of the current year, and January 31 of the succeeding year, make and file with the Treasurer on a form prescribed by the Treasurer, a return setting forth the aggregate amount of salaries, wages, commissions and other compensation earned by him during the three-month periods ending March 31 of the current year, June 30 of the current year, September 30 of the current year, and December 31 of the current year, respectively, and subject to the tax, together with such information as the Treasurer may require. Every taxpayer making such return shall, at the time of filing thereof, pay to the Treasurer the amount of tax shown as due thereon.

SECTION 4. COLLECTION AT SOURCE:

(a) Every employer having an office, factory, workshop, branch, warehouse, or other place of business, within the City of Pittsburgh, who employs one or more persons other than domestic servants, on a salary, wage, commission or other compensation basis, who has not previously registered, shall, within fifteen (15) days after becoming an employer, register with the Treasurer his name and address and such other information as the Treasurer may require.

(b) Every employer having an office, factory, workshop, branch, warehouse, or other place of business, within the City of Pittsburgh, who employs one or more persons, other than domestic servants, on a salary, wage, commission or other compensation basis, shall deduct monthly, or more often than monthly, at the time of payment thereof, the tax imposed by the ordinance on the salaries, wages, commissions and other compensation due to his employee or employees, and shall, on or before April 30 of the current year, July 31 of the current year, October 31 of the current year, and January 31 of the succeeding year, file a return of taxes deducted on a form prescribed by the Treasurer and pay to the Treasurer the

amount of taxes deducted during the preceding three-month periods ending March 31 of the current year, June 30 of the current year, September 30 of the current year, and December 31 of the current year respectively.

Any employer who for two of the preceding four quarterly periods has failed to deduct the proper tax, or any part thereof, or has failed to pay over the proper amount of tax to the taxing authority, may be required by the office to file his return and pay the tax monthly. In such cases, payments of tax shall be made to the officer on or before the last day of the month succeeding the month for which the tax was withheld.

(c) On or before February 28 of the succeeding year, every such employer shall file with the Treasurer on forms prescribed by him:

- (1) An annual return showing the total amount of salaries, wages, commissions and other compensation paid, the total amount of tax deducted, and the total amount of tax paid to the Treasurer during the period beginning January 1, 1979, and ending December 31, 1979, and thereafter from year to year on a calendar year basis.
- (2) A return for each employee employed during all or any part of the period beginning January 1, 1979, and ending December 31, 1979, and thereafter from year to year on a calendar year basis, setting forth the employee's name, address and Social Security number, the amount of salaries, wages, commissions or other compensation paid to the employee during said period, the amount of tax deducted, the amount of tax paid to the Treasurer, and such other information as the Treasurer may require. Every employer shall furnish a copy of the individual return to the employee for whom it is filed.

(d) Every employer who discontinues business prior to December 31 of the current year shall, within thirty (30) days after the

discontinuance of business, file the returns hereinabove required and pay the tax due.

(e) The failure or omission of any employer to make the deductions required by this section shall not relieve any employee from the payment of the tax or from complying with the requirements of this ordinance relating to the filing of declarations and returns.

(f) Every employer who wilfully or negligently fails or omits to make the deductions required by this section shall be liable for payment of the taxes which he was required to withhold to the extent that such taxes have not been recovered from the employee.

SECTION 5. POWERS AND DUTIES OF TREASURER.

(a) It shall be the duty of the Treasurer to collect and receive the taxes, fines and penalties imposed by this ordinance. It shall also be his duty to keep a record showing the date of such receipt.

(b) The Treasurer is hereby charged with the administration and enforcement of the provisions of this ordinance, and is hereby empowered to prescribe, adopt, promulgate and enforce rules and regulations relating to any matter pertaining to the administration and enforcement of this ordinance, including provisions of the reexamination and correction of declarations and returns, and of payments alleged or found to be incorrect, or as to which an overpayment is claimed or found to have occurred, and to prescribe forms necessary for the administration of this ordinance.

(c) The Treasurer and agents designated by him are hereby authorized to examine the books, papers and records of any employer or supposed employer, or of any taxpayer or supposed taxpayer, in order to verify the accuracy of any declaration or return, or if no declaration or return was filed, to ascertain the tax due. Every employer or supposed employer, and every taxpayer or supposed taxpayer, is hereby directed and required to give to the Treasurer, or to any agent designated by him, the means, facilities and opportunity for such examinations and investigations, as are hereby authorized.

(d) Any information gained by the Treasurer, his agents, or by any other official or agent of the City of Pittsburgh, as a result of any declarations, returns, investigations, hearings or verifications required or authorized by this ordinance, shall be confidential, except for official purposes and except in accordance with a proper judicial order, or as otherwise provided by law.

(e) The Treasurer is authorized to establish different filing, reporting and payment dates for taxpayers whose fiscal years do not coincide with the calendar year.

(f) The Treasurer may make no assessment of any tax imposed under this act more than five years after the date on which the tax should have been paid except where a fraudulent return or no return has been filed.

SECTION 6. SUIT FOR COLLECTION OF TAX

(a) The Treasurer may sue for the recovery of taxes due and unpaid under this ordinance.

(b) Any suit brought to recover the tax imposed by this ordinance shall be begun within three (3) years after such tax is due, or within three (3) years after the declaration or return has been filed, whichever date is later. Provided, however, that this limitation shall not prevent the institution of a suit for the collection of any tax due or determined to be due in the following cases:

- (1) Where no declaration or return was filed by any person although a declaration or return was required to be filed by him under the provisions of this ordinance, there shall be no limitation.
- (2) Where an examination of the declaration or return filed by any person, or of other evidence relating to such declaration or return in the possession of the Treasurer, reveals a fraudulent evasion of taxes, there shall be no limitation.
- (3) In the case of substantial understatement of tax liability of twenty-five percent (25%) or more, and no fraud, suit shall be begun within six (6) years.

(4) Where any person had deducted taxes under the provisions of this ordinance, and has failed to pay the amounts so deducted to the Treasurer, or where any person has willfully failed or omitted to make the deductions required by this ordinance, there shall be no limitations.

SECTION 7. INTEREST AND PENALTIES.

If for any reason the tax is not paid when due, interest at the rate of six percent (6%) per annum on the amount of said tax, and an additional penalty of one-half of one percent (1/2 of 1%) of the amount of the unpaid tax for each month or fraction thereof during which the tax remains unpaid, shall be added and collected. Where suit is brought for the recovery of any such tax, the person liable therefor shall, in addition, be liable for the costs of collection and the interest and penalties herein imposed.

SECTION 8. PAYMENT UNDER PROTEST AND REFUNDS.

The Treasurer is hereby authorized to accept payment under protest of the amount of tax claimed by the City in any case where any person disputes the validity or amount of the City's claim for the tax. If it is thereafter judicially determined by a court of competent jurisdiction that there has been overpayment to the Treasurer, the amount of the overpayment shall be refunded to the person who paid under protest. All refunds shall be made in conformance with the procedure prescribed in Ordinance No. 299 approved June 9, 1975.

SECTION 9. APPLICABILITY.

The tax imposed by this ordinance shall not apply:

(a) To any person as to whom it is beyond the legal power of the City of Pittsburgh to impose the tax herein provided for under the Constitution of the United States and the Constitution and laws of the Commonwealth of Pennsylvania.

(b) To institutions or organizations operated for public, religious, educational or charitable

purposes, to institutions or organizations not organized or operated for private profit, or to trusts and foundations established for any of the said purposes.

This section shall not be construed to exempt any person who is an employer from the duty of collecting the tax as source from his employees and paying the amount collected to the Treasurer under the provisions of Section 4 of this ordinance.

SECTION 10. FINES AND PENALTIES FOR VIOLATION OF ORDINANCES.

(a) Any person who fails, neglects or refuses to make any declaration or return required by this ordinance, any employer who fails, neglects, or refused to register or to pay the tax deducted from his employees, any person who refused to permit the Treasurer or any agent designated by him to examine his books, records and papers, and any person who knowingly makes any incomplete, false, or fraudulent return or attempts to do anything whatever to avoid the full disclosure of the amount of his net profits or earnings to avoid payment of the whole or any part of the tax imposed by this ordinance, shall upon conviction thereof before any alderman or magistrate, be sentenced to pay a fine of not more than five hundred dollars (\$500.00) for each offense, and costs, and in default of payment of said fine to be imprisoned for a period not exceeding thirty (30) days.

(b) Any person who divulges any information which is confidential under the provisions of subsection (d) of Section 5 of this ordinance, shall, upon conviction thereof before any alderman or magistrate, be sentenced to pay a fine of not more than five hundred dollars (\$500.00) for each offense and costs, and in default of payment of said fine and costs to be imprisoned for a period not exceeding thirty (30) days.

(c) The penalties imposed under this section shall be in addition to any other penalty imposed by any other section of this ordinance.

(d) The failure of any person to receive or procure the forms required for making the declaration or returns required by this

ordinance shall not excuse him from making such declaration or return.

SECTION 11. SEVERABILITY.

The provisions of this ordinance are severable. If any sentence, clause or section of this ordinance is for any reason found to be unconstitutional, illegal or invalid, such unconstitutionality, illegality or invalidity shall not affect or impair any of the remaining provisions, sentences, clauses or sections of this ordinance. It is hereby declared to be the intent of the City Council that this ordinance would have been adopted had such unconstitutional, illegal or invalid sentence, clause or section not been included herein.

SECTION 12. EFFECTIVE DATE.

The provisions of this ordinance shall become effective January 1, 1979, as the Council of the City of Pittsburgh declares that there is an urgent reason for modifying the usual effective date provided by Section 322 of the City of Pittsburgh Home Rule Charter, that reason being the proper and effective administration of the tax imposed herein with that imposed by Ordinance 839 of 1975.

Such requests shall be made in writing and be directed to the Board of water assessors.

B. VACANCIES

(1) Flat Rate Assessments

(a) Where the premises are completely vacant and the entire supply of water is shut off at the curb box, upon filing by the owner of a notarized vacancy affidavit in the Office of the Department of Water, exonerations of 90% will be issued for the period during which the entire premises are vacant and the water shut off, provided that the period during which the water is shut off must be greater than 60 consecutive days. The exoneration shall not be in an amount less than the charge for minimum metered accounts.

(b) For changes in water uses, where fixtures are removed and water uses discontinued, exonerations will be issued covering the discontinued use from the date of approval of the contract covering the revised water uses. In case any owner of any premises shall cause or allow water to be used for any premises or in any fixtures for which there is no approved water contract on file, the rate shall be as specified in Section 2 hereof and shall date from the preceding January 1, and the water for the entire premises shall be shut off until an approved contract for such additional water uses or fixtures has been signed and placed on file in the office of the Department of Water. All fixtures on any premises, whether used or not, will be assessed as long as they remain in position.

(2) Meters

No exoneration need be granted in respect to premises in which water used is measured by a meter inasmuch as the water use will register during the period of the vacancy and only the minimum rate will apply. However, should the period of vacancy extend through more than one meter-reading period and no remote reader is available, the property owner shall notify the Water Department by means of a signed affidavit requesting that no estimated bill be rendered for that period.

(3) Exceptions

Where premises acquired by the Commonwealth of Pennsylvania, the School District of Pittsburgh, the Urban Redevelopment Authority of Pittsburgh or other governmental agency for highway, school or other

public redevelopment purposes are completely vacant; and notice thereof has been given to the Department of Water and the City Treasurer; and the entire supply of water is shut off and the meter removed, exonerations of 100% shall be made in the case of any building which the aforesaid governmental bodies or agencies certify to be vacant and scheduled for demolition. No exoneration shall be granted for any water charges incurred prior to the notice and certification above described.

C. UNDERGROUND LEAKS.

Exoneration, where merited, will be made on the gallonage accruing over the above normal use for the particular account. The amount of the exoneration will not exceed 50% of the excess gallonage over and above normal usage. "Normal usage" shall be deemed to be the average gallons used in the four quarters preceding the underground leak.

SECTION 9. Maintenance of private water service lines, up to the curb line including all appurtenances therein, are the responsibility of the property owner. In situations where a private water service line is leaking and wasting water and the property owner is served notice by the Department of Water to make repairs, said property owner will have five (5) days (excluding Saturdays and Sundays) in which to make repairs. Should no action be taken within the allowable five (5) day period, the Department of Water may assess a daily charge for each day after the allowable five (5) day period in which the waste of water continues. The daily charge will be equivalent to the quarterly minimum meter charge which is predicated on the water meter size supplying a particular account. (See Section 5—Minimum Rates for Metered Water).

SECTION 10. The effective date of this ordinance shall be January 1, 1979 as the Council of the City of Pittsburgh declares that the proper administration and collections of the rentals set forth herein provide an urgent reason for modifying the effective date required under Section 322 of the Home Rule Charter.

SECTION 11. That any Ordinance or part of Ordinance, conflicting with the provisions

of this Ordinance, be and the same is hereby repealed so far as the same affects this Ordinance.

Ordained and enacted in Council December 29, 1978.
